Dear Sir/Madam,

The Italian Agency for Development Cooperation in Yangon (AICS-Y) would like to thank you for sending an offer regarding the Auxiliary support services for its Office/Compound in Yangon.

Unfortunately, the envelope we received has been considered not finalized due to a lack of fundamental features expressed in paragraph 3 of the bid invitation.

However, considering that, we will invite you for a specific and clarifying meeting which will be held in our offices. All details will be provided with another official communication.
